Important information

This communication may contain certain forward-looking statements. Such statements are all statements that do not relate to historical facts and include expressions such as "believe", "estimate", "anticipate", "expect", "assume", "predict", "intend", "may", "presuppose", "should" or similar. The forward-looking statements in this release are based on various estimates and assumptions that in several cases are based on additional assumptions. Although CLX believes these assumptions were reasonable when made, such forward-looking statements are subject to known and unknown risks, uncertainties and other important factors that are difficult or impossible to predict and that are beyond CLX's control. Such risks, uncertainties and important factors could cause the actual results to differ materially from the results expressly or implicitly indicated in this communication through the forward-looking statements. The information, perceptions and the forward-looking statements in this release apply only as of the date of this release and may change without notice.
